## Countertop Measurement, Made Easy!

Customer Name:	
Phone Number:	
Address:	

## Follow these steps to get an estimate!

Step 1: Locate a pencil, measuring tape & ruler.

**Step 2:** Using the space below, roughly draw the shape of your countertop space.

Step 3: Using your tape measure, measure in inches the dimensions of all the countertop space you would like surfaced with Select Surfaces. Put the measurements on your rough drawing as you go. Please indicate the approximate location of any required cut-outs for undermount or drop-in sinks, drop-in cooktops, etc. (See page 2 for example.) If you would like a backsplash, please indicate where you would like it by drawing a dotted line along that length of the countertop.

**Step 4:** For an ESTIMATE, bring your drawing in to a Select Surfaces dealer and they will be happy to quote your project. To find a retail store near you, please refer to the Select Surfaces dealer locator.

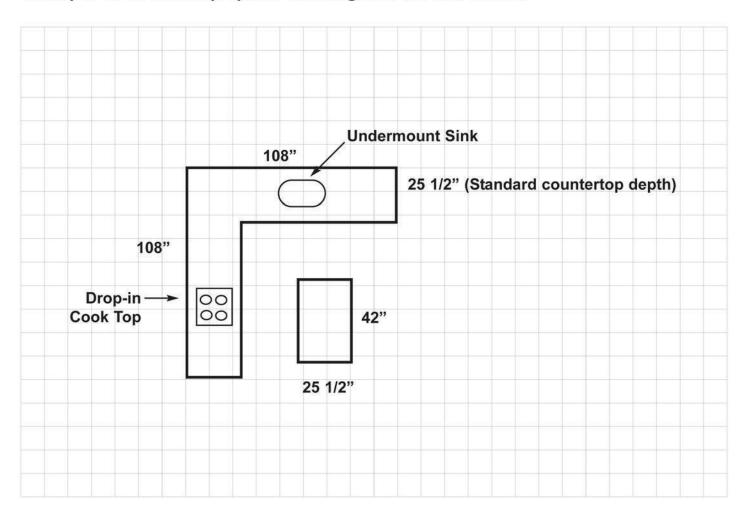

The final purchase price of your countertop will be determined after a complete on-site measurement of your countertop space.

## Select Surfaces Grid Worksheet

Please indicate desired countertop thickness:  2 CM = 3/4" 3 CM = 1 1/8" 4 CM = 1 1/2"
